Controlled Products, Radici Pietro Industries and Sit – in Sport Partner as FIFA approved manufacture

Dalton, Ga. (March 19, 2015) - Kevin Barker VP of Sales and Marketing is pleased to announce the partnership between Sit-In Sport of Radici Pietro Industries & Brands S.p.A. and world leading turf manufacturer Controlled Products. The dynamic team was established in response to Sit-In Sports desire to provide a product that could meet the strict requirements of International Standards, but also allow athletes to perform without the constraints of natural grass. According to Barker, "The partnership opens up a new markets for Controlled Products and having a quality partner like Radici Pietro allows us access to avenues inaccessible to us before."

Industry leaders Sit-In Sport and Controlled Products joint desire to offer FIFA certified systems in the America's helped to develop the relationship. According to Sales Director of Radici Pietro/Sit-in Sport, Massimo Seghezzi, "RADICI PIETRO I. &B. and CONTROLLED PRODUCTS alliance provides a strong partnership for the EUROPEAN and PANAMERICAN markets." A partnership that could easily "be compared to a virtual synthetic turf yarn that links EUROPE to USA." Successful relationships, like Sit-In Sports and Controlled Products, thrive on comparable goals and needs, even more so when they can inspire each other to grow. In addition to the development of FIFA Certified soccer fields in the American markets, thanks to the manufacturing and selling by Controlled Products, "RADICI P.I. &B. is developing a specific "Golf Project" for EUROPE thanks to the great experience and top materials produced by Controlled Products," stated Seghezzi. According to Controlled Products President, Scott Lowrie, "our ISO 9001, 14001 and 18001 certified state-of-the-art-facilities and our leadership in research and development, make us the perfect provider for Sit-In Sport's specialty needs throughout Europe.

Many of the advancements in the synthetic turf industry are due to Controlled Products determination and commitment to detail. The facilities are equipped with the most state of the art machinery available in the industry, which along with over 25 years of being in business, it allows Controlled Products to produce an extraordinary product line unrivalled in the turf industry. Controlled Products and Radici P.I. & B are excited to announce the addition of Duration 50 and Duration 60 as the two newest styles specifically for those projects that require a FIFA certification once installed.
